

Health and Safety Policy

Patman is committed to conducting all operations safely and to preventing damage to health or the environment. We are committed to the prevention of injuries to persons, and to the prevention of fire and damage to property.

Patman will comply with all statutory requirements and the contractual requirements of our clients.

Patman holds the health and safety of our clients, our employees (both direct and indirect), and others who may be affected by our actions as our main consideration.

We will provide the necessary resources, training and supervision to ensure that our commitment is fully honoured.

Patman will ensure that any equipment or materials used in our operations comply with relevant standards and are safe to use. The use of such equipment and materials will be such that any risk arising from them will be as low as is reasonably practicable.

All employees will be made aware of their individual responsibility to take reasonable care of themselves and others that may be affected by their work, and co-operate with clients to fulfil their duties under health and safety legislation.

Signed
